

I writing regarding KLOVE it lifts up my day and help me to feel good. I thankful that I have a choice and I choose KLOVE. Please don't take something away that helps so many people. This world is bad enough we need something that is encouraging and up lifting. I feel if you take this away it will only cause harm for people that are lonely KLOVE helps them and there is no other radio station that does that. Please keep KLOVE going for all that need it and are touched by it and will be touched by it.

Sincerely Barbara Johnson
